## NATIONAL LEAGUE

**CINCINNATI TRIMS BROOKLYN.**  
League Champions Twinkled Weakened in Fourth, Allowing Reds to Score Five Runs.

Brooklyn, Aug. 23.—Cincinnati took its last game of the season in Brooklyn today, 7 to 2, in 10 innings. Mitchell and Donohue were equally effective until the tenth when the Brooklyn pitcher went to pieces after Umpire Klem reversed a decision on a close play at third. Griffith's home run in the seventh tied the score for Brooklyn.

Cincinnati 6 2 0 0 0 0 0 0 5—7 11 3  
Brooklyn 1 0 0 1 0 0 1 0 0—2 8 2  
Batteries—Donohue and Haigrove; Mitchell and Miller.

**BOSTON DEFEATS PITTSBURGH.**

Carlson Very Effective, but Rushed in Two Late to Save Pittsburgh.  
Boston, Aug. 23.—Boston hit Glenn Carlson hard enough in the first three innings to defeat Pittsburgh, 4 to 3, today. Carlson pitched the last five innings and held Boston to two hits and no runs. Pittsburgh runs came when Grimm made a home run to deep right center with two men on bases in the sixth.

Pittsburgh 0 0 0 0 0 0 0 0—3 12 6  
Boston 1 0 0 0 0 0 0 0—4 10 3  
Batteries—Carlson, Carlson and Schmidt; Watson and O'Neill.

**TAKE THREE OUT OF FOUR.**

**St. Louis Wins Their Last Game of the Season in New York.**  
New York, Aug. 23.—St. Louis made it three out of four from New York by winning their last game of the season here, 10 to 7. The Giants batted Haines out in the first inning, but could do little with Sherrill until the ninth, when Kelly made his 21st home run of the season.

St. Louis 10 2 0 0 1 0 2 3—10 15 0  
New York 1 0 0 0 0 1 1 0—7 13 2  
Batteries—Haines, Sherrill and Clemmons; Barnes, Salter and R. Smith, Snyder.

**PHILADELPHIA NOSES OUT.**

**Cy Williams Homer Only Run of Game With Chicago.**  
Philadelphia, Aug. 23.—Cy Williams duplicated his feat of Monday by driving the ball over the right field wall for a home run today and gave Philadelphia a 1 to 0 victory over Chicago.

Chicago 0 0 0 0 0 0 0 0—0 7 0  
Philadelphia 0 0 0 1 0 0 0 0—1 7 0  
Batteries—Freeman and O'Farrell; leadouts and Henline.

**AMERICAN LEAGUE**

**BOSTON HAS BATTING BEE.**

**St. Louis Used Four Twinklers in Vain Attempt to Stop Barrage of Hits.**  
St. Louis, Aug. 23.—Boston made its hit count for 15 runs in the first seven innings and won the first game of the series today from St. Louis, 15 to 2. Joe Bush was the star, getting a single, double and triple in addition to driving in five runs and scoring two himself. His triple came in the fifth with the bases full.

St. Louis 0 0 0 0 1 0 1 0—2 9 5  
Boston 1 1 0 3 6 2 2 0—15 17 0  
Batteries—Bush, Thormahlen and Ruel; Walker, Davis, Vandilder, Burwell, Palmer and Severide, Q. Collins.

**TIGERS IN HITTING MOOD.**

**Had No Trouble in Taking Game From Senators.**  
Detroit, Aug. 23.—Detroit hit Zachary and Courtney hard today and won easily from Washington, 12 to 3. Washington 6 1 0 1 0 0 0—3 8 4  
Detroit 4 2 0 0 2 2 4—12 18 1  
Batteries—Zachary, Courtney and Garrity; Oldham and Bassler.

## A Strenuous Day for Molla

Mrs. Molla Bjurestedt Mallory stretched out exhausted upon the ground for several minutes after defeating Miss Mary K. Browne, of California, for the women's national tennis title at Forest Hills, L. I.

## PHILADELPHIA LEADS CHICAGO.

Win in Tenth, After Two Were Down, by Chicago, Aug. 23.—Philadelphia came from behind today and defeated Chicago, 6 to 5, in ten innings. The locals took a four run lead off Moore, and added another run off Rommell before he settled down. Faber suffered two bad innings, the visitors tying the score after two men were out in the seventh. Darling base running by Collins, who singled in the tenth and scored on Dugan's double after two were out, gave Philadelphia the winning run.

Philadelphia 0 0 0 0 0 0 0 1—6 11 2  
Chicago 1 0 0 0 0 0 0 0—5 13 2  
Batteries—Moore, Rommell and Perkins; Faber and Schalk.

## RUTH GETS TWO HOMERS.

Hits His 47th and 48th of Season Off Caldwell.  
Cleveland, Aug. 23.—New York today cut Cleveland's lead in the American league standing to one point by defeating the Indians 6 to 3 in the first of a three-game series. Quinn was effective, the locals' lone score being the result of Smith's home run drive over the right field fence.

Ruth hit his 47th and 48th home runs of the season, in each instance driving in a runner ahead of him. New York drove Caldwell from the box in three innings, but failed to do much with Matis or Morton. It was off Caldwell that Ruth made his two homers.

New York 2 1 2 1 0 0 0 0—6 7 1  
Cleveland 0 0 0 1 0 0 0 0—1 5 3  
Batteries—Quinn and Schang; Caldwell, Matis, Morton and O'Neill.

## DAVENPORT RELEASED BECAUSE "TOO GOOD"

Opposing Teams Would Not Play Against Big Hurler.

Almost Won Pennant Single-Handed for St. Louis Club of Federal League—Couldn't Behave in Big League.

Released from two American league teams because he was "too good," Dave Davenport, former mammoth hurler of the St. Louis Browns and Washington Senators, was released by the Ogden team of the Northern Utah league because he was "too good."

Big Dave pitched seven games for Ogden. He won them all. He pitched one no-hit game, one one-hit game and one three-hit game. He averaged 18 men per game by the strike-out route. Then the other teams rose in revolt. If Davenport continued to pitch for Ogden they'd bust up the circuit, they said. He was too good and was released.

Davenport calls it tough luck, but says he will report to the Casper (Wyo.) team of the Midwest league.

Back in 1914 and 1915 Davenport was a Federal league star. In the latter year he almost won a pennant for St. Louis single-handed. He pitched in 40 games, winning 22. Then he

Dave Davenport.

went with the Browns, but couldn't behave, was suspended half a dozen times, and finally given up because he was "too good."

The last big league manager to try him was Clark Griffith. But he couldn't be good there, and finally Griffith let him go.

Now he is so good he has had to move on once more to other fields.

## Diamond Squibs

The biggest event in the International league is when Baltimore loses a game.

Fifty-two aerial bombs failed to sink a warship. Let Babe Ruth take a crack at it.

Babe Ruth may knock them farther, but he is not among the five leaders for frequency.

Hubert Test, who has been pitching for Rochester and elsewhere, has joined the Flint team.

Chicago wonders why the Cubs are not in the first division. Lack of pitcher, the same as other clubs.

The Bloomington club has turned Outfielder Paul Johnson and Pitcher Shirey back to the Washington club.

Aroused by the fate of the "Black Sox," the White Sox will endeavor henceforth to keep themselves immaculate.

The report that Connie Mack will have a great team next year reminds us that he always has a great team—next year.

Ever since the announcement that Felt would manage the St. Louis Browns in 1922 the team has been winning.

## GIANTS LOSE AT WALTON

Zwick Holds the Walton Hitters Well, While Giants Do Little With Holborow's Offerings—At Stamford Today.

Walton came from behind and just nosed out Walsh's Giants in the game at Walton yesterday afternoon by the score of 2-2 in a game while not free from errors was well played and was in doubt until the last man was out.

Zwick pitched a good game for the Giants as did Holborow for the Waltons and the luck of the game decided it quite largely and in favor of the Delaware county metropolis team.

Oneonta gleamed its only runs in the third inning after two were out. Steffen singled over third base and stole second. Hatch hit to short, who threw wild to first. Steffen scoring and Hatch taking second. Hermann hit to short, who again threw wild to first. Hatch scoring. Hermann stole second but Byrnes hit to first for an out, ending the inning.

Walton did not score until the sixth inning when Holborow singled over third and went to second on a wild pitch by Zwick and when Farrell threw McCullough's grounder to third too late to catch Holborow, both were safe. Holborow scored on Brennan's sacrifice fly to Hatch. McDonnell died to Hatch and Leedy was out on a grounder to Farrell.

King opened Walton's half of the seventh with a double to third and was sacrificed to second by Weising, who was safe at first on an error by Byrnes. Holborow hit a sacrifice fly to Baird, King scoring. McCullough ended the inning by hitting to Byrnes.

In the eighth, Brennan singled over second and was advanced on McDonnell's sacrifice. White was retired at first by Farrell, Brennan taking third. Leedy singled over second scoring Brennan. King hit safely to left. Holborow hit to Steffen for the third out.

The Giants are at Stamford today. The score of yesterday's game follows:

## UNADILLA WINS FROM STAMFORD

Hit Mason Hard and Take Game from Mountaineers—5-4.  
Unadilla, Aug. 23.—Unadilla took Stamford into camp this afternoon, winning the Mountaineers by the score of 5-4. The locals were strong with the stick and got to Mason for a total of 13 hits. Connelly, who went in as a pinch hitter for Mason in the ninth, knocked out one that ordinarily would be good for three bases, but Baker caught it in one of the most spectacular plays on the local diamond this year. The catch robbed the Mountaineers of their opportunity to even the score.

**Restoring Luster of Pearls.**  
Although there is no method known that will positively guarantee the restoration of the luster of a pearl which has become dull through careless handling, the Ceylonese are said to have a novel way of trying to restore it. They simply feed dull pearls to chickens. After the pearls remain in the chickens' crops a few hours, the fowls are killed and the pearls removed. The light friction to which they have been subjected in the crops of the chickens is supposed to restore their luster, at least to some extent.

## "Elephant's Ear."

The "elephant's ear" is a Hawaiian or Fijian plant, with very large, bright green leaves, used to give sub-tropical effect in bedding. The root-stock is planted in good, moist soil out of doors or started in a hotbed or a greenhouse and transplanted. In the fall it is stored where dampness and frost cannot reach it. In the Pacific islands the rootstock is used for food extensively, the pot of Hawaii being made from it. The plant is called taro.

### JIM BECKWORTH, MULATTO WHO BECAME CROW CHIEF

Jim Beckworth, without doubt, was the most-married man in history. Just how many wives he had is unknown. In his autobiography Jim mentions at least seven spouses, but his reputation for truth was not the best. Beckworth was the son of a Maryland Irishman and a negress, and he was born in 1798. When he left St. Louis with General Ashley's fur-trading expedition in 1823 he had a sweetheart named Eliza, to whom he pledged eternal devotion.

Among the Blackfeet Indians he won his first wife, marrying her because it would help his trade among her tribesmen. Soon afterwards he married her sister, too. Later he left the Blackfeet, to trade with the Crows, and he acquired several more wives.

Jim was a man of great strength and a remarkable runner. One day he was attacked by a war party who pursued him for 65 miles before he finally outran them. At another time when a force of 2,500 Arizans and Sioux attacked the Crows, the mulatto led the Absarokes (Crows) so bravely that 253 of the enemy were killed. Beckworth had three horses shot under him in this fight and killed 14 of the Sioux. He was adopted by the Crows, and because of his deeds in war, he rose to the position of first counselor, the highest honor in the tribe.

At the outbreak of the Mexican war he enlisted as a scout and dispatch bearer for Gen. Phil Kearney. He also carried dispatches to California and he was there in 1848, when gold was discovered. He mined for a while until the discovery of gold in Colorado in 1859 lured him to that state. He settled in Denver and married again—this time a negro girl.

The Crows heard of his return from California and sent messengers to him, begging him to return to them. Misfortune had come to the tribe, and they needed his "strong medicine." Beckworth paid no heed to their pleadings until 1869, when he finally visited them. But he refused to live with them permanently. When he announced his intention of returning to Colorado, they prepared a great farewell feast in his honor. Beckworth ate their food and dropped dead. The Crows had given him poison. The Crows believed his "medicine" would pass into his spirit, and that wherever his bones rested, the spirit would remain. They resolved to have both, and took that means of getting them!

**Revival of Ancient Order in Peru.**  
The government of Peru, on the eve of the centenary celebration, revived the Order of the Sun. There are four classes of membership, the grand cross, grand officer, commander and officer. Admission and promotions will take place only on July 28 of each year, the national holiday of Peru. The name of this order dates back to the Inca empire, one of the oldest civilizations in the New World. Membership can be granted to Peruvians, military and civilians, who have rendered themselves worthy of distinction, and to foreigners who have made patent their interest in Peru.

**Popular Songs.**  
"It is a mistake I believe, to act too strongly, on the theory that to the public should be doled out only those things which certain authorities think they should have," said a prominent singer recently. "Let us consider the public's side. Let us give the public some of the things it really wants—even the simple song which the critic condemns for its excess of sentiment, if we can deliver it so that the public is touched and responds."

COOPERSTOWN HAS GUESTS.

Large Crowd From Richfield Springs Motors to Cooperstown.

Cooperstown, Aug. 23.—One hundred and seventeen automobiles and two bands motored from Richfield Springs tonight and were met at Three Mile Point by a welcoming committee from this town. The parade was escorted to the Liberty pole, where two band stands had been erected for the purpose.

After the bands had given a concert, dancing was enjoyed in the street by all. Cooperstown did everything in their power to make things as pleasant as possible for the guests.

Last Friday night 13 cars and a band motored to Richfield Springs and had a fine time there. The Richfield Springs folk returned the visit and did better than the Cooperstown people did when they went to the summer resort.

# CAUSES FOR CRIME.

After a careful consideration of the history of embezzlement and burglary claims amounting to over sixteen million dollars during the past year, William F. Joyce, who is president of the National Surety company, gives a list of eleven chief causes which in his opinion are the cause of present-day crime. Summarized they are as follows:

Widespread lessening respect for law and property such as follows: every war; greater opportunity for dishonesty; published reports of great profits, which have created discontent and even spirit of revenge; criminals drifted into the war and returning more calloused and reckless and with greater skill in use of fire arms, high war wages and consequent extravagant living; unemployment on the part of many lately in manufacturing establishments who now refuse to return to their original homes in villages or on farms; published accounts of enormous fortunes of great securities, leading many to think that they are not getting their share of the nation's wealth; the doctrines of Socialism, Bolshevism, etc.; inadequate accounting methods in business, cuttable carelessness in employing without investigation men of previously bad character and lavish and unseemly display of valuables in public places.

In the opinion of Mr. Joyce "Common sense methods by employers and those owning valuables will prevent dishonesty and will check the crime-wave, as will also the enactment of more severe penalties including life sentence for all burglars."

As evidence of the growth of this kind of crime it is stated that thirty insurance companies paid \$1,386,061 for embezzlements in 1930, and that ten years after they paid \$5,623,813. For burglaries they paid \$886,945 at the earlier and \$10,189,853 at the later date.

It is a noteworthy fact that recent authorities have stated that there are now seven burglaries to every fire, whereas before the great war it was only three burglaries to every fire.

The remedy is to put the unemployed to work. Thoughts and energies must be turned to wholesome channels.

# CAN FEED HER OWN PEOPLE.

Stanislaw Arcot, Polish commissioner to the United States, with offices in New York, has issued the following statement in reference to Poland's 1931 food resources:

"Poland this year has produced a grain crop sufficient to meet the needs of the Polish people. This will relieve the Polish government of the necessity of importing cereal foods for distribution among the Polish population. The harvest of the spring and summer grain has now been completed with the result that for the first time since the outbreak of the World War, Poland has enough grain to feed her own people. There will be no surplus, but a bare sufficiency. It is as yet too early to predict with accuracy the extent of the potato crop."

It is noted that the Polish grain crop of last year damaged to a great extent by the Bolshevik invasion in July and August in the midst of the harvest. Had it not been for this loss, Poland would have been almost self-supporting as to cereal foods in 1930. Normally an exporter of grains, Poland did not this year possess sufficient agricultural equipment to utilize all the land, but constantly increasing areas are being cultivated. Premier Witto recently stated that "the increase in the cultivated area in 1931, as compared with 1930 amount altogether to 1,694,890 acres (687,000 hectares)."

# LEAGUE HAS 100 MILK PLANTS.

Eighteen Owned and Eighty-Two Leased—Five Temporarily Idle.

W. C. Laidlaw, who is superintendent of plants for the Dairymen's League, says that the league is now operating 100 milk plants in the state, of which 18 are owned and the remainder leased; and that of the entire number all but five are working, the five being temporarily idle. The first plant of the league was bought at Auburn in November, 1919, so that it has taken less than two years for the farmers combination to attain to the present very considerable fields of operations. While they are scattered throughout the state, a considerable number is in the county of Otsego, and in adjacent territories, among them being the following: Fly Creek, Hartwick, Mt. Vision, West Windfall, Schuyler Lake, Jordanville, Burlington, Burlington Plains, Edinboro, Garrettsville, Gilbertsville, Holmesville, Middlefield, Leonardville, New Lisbon, Unadilla, West Edinboro, West Laurens, and New Berlin.

The Dundee plant is now temporarily closed, together with those at North Hartford, and West Windfall, while the plant at South Champlain was recently destroyed by fire.

Those stations at New Berlin, Crompton and Booneville have been either re-leased or temporarily closed. The great majority of leased plants belong to local dairymen and were operated as co-operative institutions on a small scale before the Co-Operative Association grew to its present proportions.

# Celebrated 80th Birthday.

The eightieth birthday of Delos Hodge was celebrated with a family gathering at his home on the West Oneonta road yesterday and the event was keenly enjoyed by all. There was a big birthday cake with 80 candles in honor of Mr. Hodge and he received numerous gifts from the relatives present. Mr. Hodge is unusually well and active for a man of his years and his many friends will join with the relatives in extending congratulations.

# PRESS AND PUBLIC OPINION

## Test of the Conference.

M. Briand's decision to attend the Washington conference in person is expected to make it certain that Mr. Lloyd George will also attend. The advantage of having France and England represented by their parliamentary heads is obvious, since their commitments will be made with a pretty accurate knowledge of what their legislatures are disposed to accept. They will have, in short, precisely the authority that Mr. Wilson lacked at Paris. The decisions of the conference will be less idealistic than those Mr. Wilson tried to impose, but they will be more certain of being carried out. — [New York Globe.]

## Alaska.

Grandpa will recall the great public protest that rose when Uncle Sam bought Alaska from Russia in 1867. Alaska cost us \$7,200,000. That was less than two cents an acre. But Alaska hadn't been explored in those days.

Now comes a government report that Alaska last year yielded \$23,307,157 in minerals. More than three times as much as the whole thing cost us originally!

Alaska has paid for itself 33 times in fish alone.

As often happens, it has taken time to prove that what seemed bad judgment at the moment was really good judgment coupled with farsighted vision.

Give you an Alaska in your life—something you are banking on despite the sneers and jibs of your neighbors? [Berkshire Eagle.]

## A Matter of Longitude.

"It would send Germany into the wildest rage," says the Deutsche Allgemeine Zeitung, lapsing into the old German manner, "if it were forced again to admit guilt for the war, as in the Versailles Treaty."

Of course, this settles the matter. America can't become responsible for another outbreak of the Mania Teutonica. What might not happen if there was another paroxysm? No such purple horror can be risked.

America has duties to humanity. When we wish to learn from an official document what started the war we must reread the Versailles Treaty. There is set down the indictment, and there is entered the admission of guilt. But the offense is meritorious and hemispheric. East of Greenwich blood is on her garments, but to the west of Greenwich she is spotless.

With respect to one series of transactions she is able to be guilty and innocent at the same time. Thus her case recalls the story of a boy, Eggleston's tale who said on love, "My brain was Andrew Jackson and the other lobe somebody else." — [New York Tribune.]

## Some Relief, Anyway.

"I hear your next door neighbors have a new organ. How many steps has it?"

"About three a day—for meals." — [San Francisco Chronicle.]

## Morality Binding.

Decision of the arbitration board which had under consideration the reduction of wages of paper mill workers is further evidence of growing recognition of the fact that wages cannot be excluded from the general process of reduction of costs from the war-time level.

Reductions agreed upon are, for all classified positions above unskilled labor, to the level that prevailed in 1919. Unskilled labor in the mills, whose compensation will be 40 cents an hour, will have to take a reduction of about 35 per cent.

The board consisted of three representatives of the employees, three members representing the employers, and one impartial member. The decision is morally binding. It cannot be enforced by process of law. However, it is to be expected that the workers will accept it. The wages at the reduced level, remain good.

Under present conditions, men who have steady work at fair wages are fortunate.

## SUES D. & H. FOR \$50,000.

Grover McLeod Asks Damages For Eye and Ear Lost At Nineveh.

An action to recover \$50,000 damages from the D. & H. company has been begun by Grover W. McLeod of Kirkwood. In April, 1929, McLeod, who was then a fireman on the railroad, was struck by a water crane at Nineveh Junction, and as a result of the accident, lost one eye, had an ear torn off, and was otherwise seriously injured.

Mr. McLeod is 23 years old and at the time of the accident was living in Binghamton. He was on a train going from Binghamton to Mechanicsville and Oneonta on Aug. 24, 1929. The engine was attached to a small train which it left at Sidney and then backed up to Nineveh Junction and went on to a turn table in the railroad yard there.

McLeod left the engine cab and assisted in the work of turning the engine. As he did so, it is alleged, he was struck by the water crane, pulled from the engine and dragged for some distance on the ground.

He was removed to a hospital where it was said his life was despaired of. His left eye was torn out, the right ear was severed close to the head. The left facial bones were crushed and the right side of the head, face and neck were ground into the coal ashes to such an extent that a large quantity of the dirt is still embedded in the flesh. He was in the hospital for about two months and has been unable to work since that time.

According to attorneys, R. S. Parsons, \$50,000 is not exorbitant amount as his client at the time of the injury was earning about \$100 a month.

Resolutions of Respect. At a recent meeting of the directors of the extension department of the Agricultural College of Texas, resolutions were adopted expressive of the grief which was felt over the death of George A. Smith, the district director, of appreciation of the value of his services to the state and of sympathy to his daughter and her family in their bereavement. Copies of these resolutions were published in the Beaumont papers, and forwarded to the family.

This is a Real Bargain—Residence on Main street, nine rooms, two complete bath rooms, furnace, electric lights, kitchen range. Built as a single house but now rented to two families. Price \$4,000. Oneonta Agency, Inc., 216 Main street. Phone 612-11. adv. 11.

# NEATNESS COUNTS IN EXHIBIT

Quality of Vegetable Product Not the Only Consideration in Prize-Winning Displays — Freshness Likewise Important.

Persons who are planning vegetable exhibits at fairs should remember that vegetable exhibits are judged much as one judges a new acquaintance, by first impressions and outward appearance. Quality is important, but is not easy to determine, and even the best vegetables cannot win if they are poorly prepared and carelessly displayed.

There are some special things to consider in the case of each type of vegetable, and there are also some general rules for exhibitors, which have been prepared by the vegetable gardeners at the state college of agriculture and are presented herewith:

Have your exhibit in on time. Exhibits brought into even if allowed to compete are not likely to be well placed.

Have your vegetables as fresh as possible. This means that you should take them from the garden as late as you can.

Remember that mere size is not the important point in vegetables. They must be of good quality, uniform in size, shape and color, and must be fresh, clean and neatly arranged. If five vegetables of one kind are required, for example, and you have one or two very fine specimens, but not others like them, it may be better to take five which are rather smaller and poorer, but which are alike. The judge will not rate your one or two best vegetables highly because he must consider the whole group as a unit.

Your exhibit should be neatly and correctly labeled with the kind of vegetable, the variety and your name and address. For example:

BEETS—Detroit Red

R. Q. Smith, Cooperstown, N. Y.

If possible, it is better to let the soil dry on root crops or other vegetables and then brush it off gently than to wash them, as washing may change the natural appearance of the product.

After the vegetables are ready for exhibit, they should be kept in a cool, rather moist place until put on display. Be sure that they are not exposed to the sun.

Young turnips, beets and carrots should be put up in bunches with the tops still on. Five is a good number for a bunch of turnips or beets and three for carrots. If they are rather large, radishes and small carrots may have ten in a bunch. Parsnips, salsify and mature turnips, beets and carrots are usually topped, and a hair peck is a good quantity for exhibit; they are best displayed in a pyramidal or conical pile. These vegetables should be well shaped and smooth, free from humps or hollows or branching roots. Beets, if topped, should have about two inches of the leaf stalks on.

## Tomatoes Should Be Smooth.

Tomatoes also should be smooth and regular in shape. Tomatoes of medium size are to be preferred, and those with a ridged appearance, no matter how big they are, will certainly not please a good judge. They must be solid, free from cracks, and of good color for their variety.

Snap beans should be fresh, crisp and "snappy," plump, free from strings. They should be as nearly as possible uniform in color, shape and length of pod.

Sweet corn should not be husked, but you may pull back the husks a little to see what is the condition of the ear. It is not necessary that it be in just the best table stage but it should not be too young. It should be well filled about the tip and free from insect injury. Ten ears is the usual exhibit, but five may be a better number where the projects are not large. If not uniform in length, place the longest in the middle and let the others taper away each side.

Cabbage should be solid and therefore heavy for their size. They must be free from insect injury. In cauliflower, a white color is important. Heads should be solid and not loose grained or "fried."

Choose medium size potatoes, those weighing around seven or eight ounces and having a thickness not over two inches. The shape, color, depth and number of eyes depend much on the variety, but the sample should be as uniform as possible. They should be free from blemishes caused by disease, insects or handling.

## Was It An Indian?

While rumors are rife concerning mysterious disappearances in Chenango county since the time of the early settlers, no definite clue has been found to the owner of the body unearthed two weeks ago near South New Berlin. It is now learned that the body was buried in a sitting posture, which would indicate that the bones are not those of a white man but of an Indian. Though in perfect condition when unearthed, they soon fell apart, dry and brittle, and leave little if anything now to determine age, sex, race or antiquity.

## TOO MUCH LIQUOR

Binghamton Men Arrested in Auto Here Said to Have Taken a Wind-Down Course into the City—Had Three Pint Bottles of Whiskey and Some (Gib)—Put in Jail and Car Locked Up.

Two well dressed men who said they are residents of Binghamton were arrested on Main street just below Chestnut by Patrolman Walling at 7:45 o'clock last night. Both of the men had the appearance of being very much under the influence of some drinkables they had in the car. Three pint bottles of liquid that had the odor of good whiskey and a small quantity of alleged gin were found in the machine. Men and machine were locked up for the night.

The first complaint received about the two men was made by Sergeant Howard O'Dell who said his car narrowly escaped being hit by their machine, earlier in the evening as they turned the corner at Cleveland and Kearney streets on their way into the city. Officer O'Dell and they took the corner at a reckless speed and continued up Chestnut street at a fast rate. When Patrolman Walling made the arrest he noticed the number on the machine to be the same as that reported by Sergeant O'Dell.

The men said they were from Binghamton and on their way to Stamford where they were to spend the night. From there they planned to go to Canada on a vacation trip. They seemed unwilling to tell the police their names at first but papers on one of the men showed that he is A. S. Williamson. The other man had nothing by which he could be identified and he did not give a name that sounded as though it might be his.

The new York City touring car in which they rode contained considerable luggage. They will be arraigned this morning, one probably on the charge of driving while intoxicated, and the other for being intoxicated.

## The Andrews Reunion.

The annual reunion of the Andrews family was held Saturday, August 20, at the farm of Mr. Kirby known as "The Pillars," two miles below Bainbridge, on the banks of the Susquehanna river. Thirty-three were on hand to enjoy the picnic and the Andrews family reunion.

Besides the more than plentiful "feast," the bathing had various other things for their entertainment. There were ball games, quoits, fishing and rowing on the river, boxing matches (including one between two of the young ladies), and a watermelon eating contest.

At the business meeting Harry D. Andrews was elected unanimously for the third time to act as president, secretary and treasurer for the next year. It was voted to have the reunion in the same place next time, August 19, 1932. Various committees were appointed, and then a comic reading was given.

Members were present from Franklin, Otsego, Morris, Bainbridge, Binghamton, Johnston City, Endicott and Vestal.

Firestone first made the low price of \$13.95 on the Standard Non-Skid, May 2. Unusual purchasing power through big volume of business, and the great efficiency of its \$7,000,000 Plant No. 2, manufacturing exclusively 30x3 1/2 size, made this possible. Now, the production of the Extra-Size 30x3 1/2 tire has been transferred to Plant No. 2. This permits the price reduction on this tire from \$16.65 to \$13.95. No such value has ever before been offered tire users. If your dealer hasn't the Extra-Size in stock ask for our Standard Non-Skid type at the same price. You will still be getting an unusual tire value.

### LOCAL MENTION

The regular monthly Trade Day of the Oneonta Merchants' association is announced for Friday on this week.

"Teddy" Mooney has recovered from his recent illness and is again sitting that "good" shine at his Chestnut street stand.

All privileges of the Central New York fair at Oneonta September 19, 20, 21, 22 and 23 have been sold, except the checking privilege.

There will be a dinner dance at the Country club Friday evening at 6:30. Those wishing dinner please notify Mrs. Kilkenny by Thursday noon.

Walsh's Glants go to Stamford today to get satisfaction for the defeat administered on the home grounds here on Monday, after the game was thought to have been won.

### SECRET TIME RUN PLANNED.

For Members of Oneonta Automobile Club Attending County Picnic.

President L. P. Butts yesterday announced that the plans for the run of the Oneonta Automobile Club to the County picnic to be held at the county fair on Wednesday, Aug. 31, are being made, and he expressed a hope that as many members of the club as possible will plan to make the run and attend the picnic. It is hoped to get as many residents of the county together on this occasion as possible for the purpose of promoting good fellowship and cordial relations.

There will be a secret time run for members of the club with suitable prizes offered for the winners. Later, definite announcement of the prizes to be offered will be made. Members leaving time will be checked as well their arrival time, and the ones making the run nearest to the secret time marked will receive the prizes. The run will not necessarily be a fast one and the outcome will depend more on the guessing ability of starters than upon their ability to make a fast run.

The affair is to be a basket picnic, although there will be a milk bar in full operation, so that parties attending will need make no provisions for drinks.

### HAVE OPTION ON 400 ACRES.

Oneonta Fish, Game and Gun Club to Increase Activities.

A subscription list has been prepared for the members of the Oneonta Fish, Game and Gun club and others who desire to incorporate for the purpose of acquiring land and engaging in projects of reforestation and propagation of fish and game. Through the agency of R. M. Collier the club has secured an option on 400 acres of land just easterly of the state road beyond Cooperstown Junction, which provides excellent opportunities for the plans of the club.

The subscription list is at the office of G. L. Zockes, attorney for the club, and it is desired that all members of the Oneonta Fish, Game and Gun club who desire to subscribe for stock call at that office as soon as possible so that the balance of the stock subscriptions, if any, may be obtained by solicitation before the expiration of the option.

### W. R. C. Outing Tuesday.

An enjoyable outing of the Woman's Relief corps was held Tuesday at the home of Mrs. Marlette and Mrs. Utter at Colliers, with over 50 members and friends present. The day was a fine one and was pleasantly spent in music and games, visiting and in looking over the grounds and beautiful flower garden. A bountiful dinner was served, after which came a treat with jollypops by one of the members. The guests departed for home at about 5 o'clock, all hoping to be present again the coming year.

### Sewing Club Meets.

The Four Hundred Sewing Club of District Number 14, town of Oneonta, met Monday, August 22, at the home of M. D. Ward. Some pictures of the club members and their work were taken, which are to be published later in the Farm Bureau paper. Later refreshments were served by Mrs. Ward. All the members departed saying they had had a very pleasant afternoon. Mrs. S. Simmons is the leader of this club.

## THUGMEN AT LARGE

Scranton Police Working on Many Clues Which Lead Everywhere

### AUTOPSY MADE ON BODY

Captain Savits and Detective Davis, Sleuths on Trail of Thugs, 45 Calibre Weapon Used by Highwaymen—Search May Lead to This City.

As yet no persons have been arrested at Scranton in connection with the murder of Harry P. Weidman according to the Scranton police last night, but that they had unearthed several clues and were working on every one and entertained the theory that arrests probably would be made hourly as the trail leading to the clues was getting warmer by the minute.

Captain of Detectives S. E. Savits and Detective Ben Gilbert of the Scranton police have found a man who, it is said, saw the two murderers making their getaway after they had shot Weidman. He is positive that he can identify one of the men who was connected with the murder, it was reported. He saw them run away into the dark, but they did not disappear until he had a good look at one of the men. The police would not divulge the man's name.

### Unearth Many Clues.

The Scranton detectives have unearthed several warm clues which they think will mature within a short time. Mrs. Nellie Fitzgerald, a former Oneonta woman but who is now living at Scranton and who was a friend of Mr. Weidman's, was questioned by the Scranton authorities, but the sleuths were satisfied that she knew nothing of the case, and she was released.

The police are placing little credence in the story or statement that the thugs used a Packard touring car, with a New York state license, although they have been communicating with the Albany automobile license department to ascertain the identity of the owner. No one saw the car near the scene of the murder when it occurred and no one has been found who can remember seeing it in West Scranton after Weidman was shot.

### Many Holdups Later.

Policemen on duty in the central part of the city recalled, however, after the alarm had been issued, having seen a Packard touring car in Center street about 2 o'clock, and this in itself, if so, practically eliminates the theory that it was connected with the shooting. It is not likely that men who had shot their intended victim would be driving through the streets of the city after they had committed such a terrible crime.

In taking the amateur holdup idea as a very logical one, the detectives state that within the last six months there have been several holdups, in fact possibly a dozen, right in that vicinity and many of them successful.

It was a week ago last Saturday the authorities of that city state that there was a holdup made by two negroes, one tall and the other very short. The men accosted were two West Scranton people and were held up at the point of a gun, one of the two being assaulted by one of the negroes. This description tallies somewhat with the one given by Mr. Weidman to the police and it is thought that possibly they might have been the same ones, as Weidman could not have seen whether they were colored or not in the extreme darkness.

### Many Have Flashed Revolvers.

In most of the other holdups in that city the men have flashed revolvers at their victims, but in no other case have they ever shot as their prey did not show any resistance, as did Weidman who reached for his gun.

Another theory that the police are entertaining is that if the highwaymen had followed Weidman to the place where he figured he might have a large sum of money as he was in the habit of having a neat "roll."

While he and his brother, Roscoe, were in their room in the Valley house with several other men counting over some money, it is stated that a man entered the room, looked over Weidman's shoulder and then made a hurried exit. This may bring some light on the trouble when the culprits are apprehended.

Coroner D. J. Jenkins performed an autopsy on the body at the morgue of J. W. Evans, West Scranton, Monday afternoon and found that the bullet entered the chest near the breastbone taking a downward course, piercing the liver and coming out in the back between the eleventh and twelfth ribs.

### At the Wanda Sanitarium.

Mrs. James Finley of Rose avenue was operated upon Monday by Dr. Latcher, assisted by Drs. Getman and Smith.

Miss Jennie Webb of Unadilla has so far recovered from an operation performed by Dr. Brinkman, assisted by Dr. White of Unadilla and Dr. Getman of Oneonta, that she has returned home.

Vaughn Russell of Colliers was operated upon recently for the relief of enlarged tonsils and adenoids by Drs. Brinkman and Smith and was able to return home the next day.

An early autumn dance will be given at Macabee's hall, Davenport, on Thursday evening, August 25, 1921. A good time is expected. Everyone welcome. Music by Peace five piece orchestra of Delhi. Tickets including war tax \$1.00. M. O. Hanlon, Prop. Advt. 21

## DOG DAY IN COURT

Twenty-Four Appear Before Judge Huntington to Give Reasons for Not Getting Licenses.

Of the 53 summons issued by Judge Huntington last week to persons who were charged with failure to comply with the new dog license law, 24 were served; 24 defendants appeared in court yesterday. Twelve of the number produced licenses they had secured, receiving 24 acquittals; two were dismissed because they showed the dog to be the property of some other member of their household who had already secured a license; the remaining ten said that they had disposed of their dogs since the census was taken.

The original census showed that more than 40 people were harboring unlicensed dogs in the city, but as the court was short of summons blanks, all were not issued. Of the 53 sent out last week, Constable William F. Abbott was able to serve 24. The others, to be served this week, are returnable next Tuesday. As the law states that in case defendants secure licenses before the date of arraignment, they might be dismissed, no dogs were imposed yesterday by Judge Huntington.

### CHILDREN AND TUBERCULOSIS

Any Children with Symptoms May Be Examined on Thursday.

The tuberculosis tests of the last decade have shown that tuberculosis infection is accomplished by about the fourteenth year of life. In most of these cases, the infection remains latent and may never cause any active or serious trouble. But it must never be forgotten that latent tuberculosis in children of today are the consumptive adults of tomorrow.

Latent tuberculosis may manifest itself in many ways besides frankly tuberculous, scrofula, rickets, enlarged tonsils, catarrh, ear infection and many other things. Not all of these are tuberculosis in nature but many and every parent should watch for signs of ill health in their children.

Any child or adult with any symptoms of tuberculosis should be examined. Free clinics are held at the Oneonta Community house the last Thursday of each month, the next one being August 25.

The examinations are made by Dr. E. L. Winsor, who for the past several years has made a special study of the disease and its treatment. Any parent doubt as to the soundness of their lungs should have an examination made so that any trouble may be detected before it is too late.

### A Pleasant Auto Camping Trip.

Mr. and Mrs. L. F. Rose and son, Mr. and Mrs. C. E. Canfield and Mr. and Mrs. Clark Frisbee and two children returned home Monday from a camping tour through the Adirondacks and to the Thousand Islands. The party left here a week ago Monday and carried equipment so that they slept out each night and prepared their own meals.

In all, they covered 850 miles going by way of Lake George, Lake Champlain to Rouses Point thence to the Thousand Islands and turning south returned home by the way of Utica. They report a delightful trip; everyone along the way was most cordial to them and they were able to procure excellent provisions. They took advantage of many fine camping places along the way.

### D. & H. to Play Saturday.

The Delaware and Hudson baseball team will practice several times this week before playing a game on Saturday. The game has not been announced yet but it will be made public within a few days.

This division nine will play the Pennsylvania division team some time next week but the place has not been decided on. Brodie was in this city Monday and held several conferences with the officials of the Susquehanna Division Athletic Association in regard to players and other matters pertaining to the advancement of the team.

### Will Be Married in Oxford.

S. Gregory Allen, local manager in Oneonta for the Miller-Strong Drug company, will be married in Oxford today to Miss Clara Belle Bowers of the latter place.

### We're a Quicker Set.

Even now, when our war craze is over and we are paying the bills and healing the cripples, we are as big fools as ever and make no preparation for the future. We whine, growl and fuss about not having a fair chance, when for 37 years I've been helping little fellows to safely make small amounts roll up to several million dollars, make rent money pay for homes and farms and so now doing the trick to the tune of four million more. Yes, we're a quicker set and we need a fool catcher as well as a dog catcher. I'm the safe and sane Oneonta Building and Loan association.

### P. S.—Keep in with the mob and

follow the bell wether in trying to keep up with the Jones', for if you should use common horse sense, by chucking a measly 25 cent away each day and safely place with us monthly, I'd hand you back 2,000 bucks and help you to get a home or farm by making rent money pay for them and you'd have to stop whining and cussing. Oneonta Building and Loan association. Advt. 11

## HERD OF GUERNSEYS ARRIVE

Raymond W. Groves, New Owner of Pony Farm, Brings 20 Registered Cattle From Wisconsin.

Raymond W. Groves, who in the spring bought of M. G. Keenan what is known as the Pony farm south of the city, arrived from Conrath, Wisconsin, with his son yesterday, bringing a herd of 20 registered Guernsey cattle. The cattle were taken from the cars and driven to the farm, yesterday morning.

Groves and his son left Conrath, which is in Northern Wisconsin, last Thursday. They rode all of the way in the cars with the animals in order to see that they received very good care and were delivered promptly. Most of the animals are milch cows and they arrived in good condition, considering their long trip.

Campbell Brothers have been overseeing the operation of the farm since they transacted the sale of the farm last spring.

### HIKERS ARRIVED YESTERDAY.

On Way to Western Part of State. Will Inspect Cornell.

Two boys walked into the town yesterday at about 6 o'clock unattended by the many pedestrians of that hour, with packs on their back and walking sticks which they had cut out from a bush while enroute to this city.

The two walked up to the desk of the Oneonta hotel and after signing the register they took their key and went straight to the room assigned them and went to bed.

The boys gave their names as Ralph and Eli Treberg and said that they resided in New York. They are out seeing the country or rather the state and have walked from New York to this city since Monday. They later stated that they had not walked all the way but had taken "lifts" when they were offered by some "kindhearted" tourists.

Before returning to their homes, they expect to visit the western part of the state. Their next objective is Ithaca where they are going to look over Cornell university where they may attend within a year or two if they are impressed with the place.

### Contributions Solicited.

The temporary bleachers erected for the White Sox game at Neahwa park, should, many of the fans believe, remain for the numerous games when the seating capacity of the stands are overtaxed. Their cost, it is estimated, is \$147. The saying if they are taken down will be less than half that sum, and while the association is probably not in position to meet the cost of retaining them, some fans have suggested that they would be willing to donate toward their cost if retained. Dr. Marx suggests that any others like minded hand their contributions to the treasurer, Charles J. VanDusen, or any member of the board of directors.

Sorrento blue cordova with chenille embroidery, wolf cuffs and wolf collar give the coat on the left originality in color as well as shape.

## LUTHERANS MEET

THIRD ANNUAL SUMMER ASSEMBLY IS BEING HELD AT HARTWICK SEMINARY.

Many Splendid Lectures Were the Feature Attractions Yesterday. The Conference Will Continue for the Remainder of the Week—Large Attendance There Every Session.

The third annual summer assembly of the Lutheran Church Workers being held throughout this week at Hartwick Seminary continued its sessions yesterday. One of the big features of the day was the consideration of the "Rural Church Problem" in the joint pastors and parishioners conference. Rev. H. B. Kirsner of Redwood, N. Y., outlined the social and economic aspects of the present situation.

The speaker emphasized forcibly the need of especially prepared and thoroughly interested ministers, who love the country and the country life. The rural church must no longer be considered a temporary position for a minister who expects promotion to a city charge.

Rural churches can no longer use the methods of the generations or two ago. Rural pastors must be thoroughly competent and develop their capacity for leadership. All handiwork must be overcome. The speaker's own work covered 30 square miles, two congregations, one mission church, two Sunday schools and involved a 30 mile drive every Sunday rain or shine, but the work was needed and worth while.

The rural pastor has often been branded with a stigma of inferiority. He has been either a novice or a failure. The country charge has been the first step up or the last step down for many years but this does not continue at the present time.

The speaker pointed out the points that could be played by the church and community. A short course in agriculture which would train rural pastors figured in some of the other subjects of the talk at the Theological Seminary in "The Problem is a Charge to Leadership."

The Hon. Jared Van Wageningen, a member of the New York State Assembly from Schoharie county and owner and operator of the Hillside Farm at Lawersville, N. Y., gave an eloquent eulogy of Rev. Philip Welping, who graduated from Hartwick Seminary in 1826 and who spent more than 40 years as a pastor of a Lutheran church, Sherwin congregation in Schoharie county. He was a real leader through the Mohawk valley. No cloistered ascetic but an athletic man living in the saddle and no man ever downed this dominion in a wrestling match. Mr. Van Wageningen portrayed him as an ideal rural minister who loved the country and whose influence has been felt in the Mohawk Valley to the present time. Mr. Van Wageningen left the assembly to attend the fair of Greene county to judge cattle.

At the evening session Mrs. Willard Larkin of Cobleskill told of her visit to the Lutheran Missions in Japan, India, and China. She and her husband visited them in connection with their trip to the World's Sunday School Convention held in Tokio. She told of the wonderful work that is being done of which the church could be proud and appealed to those at home to back that work up.

## Lectures at Treadwell Tonight.

Rev. W. J. Day of Winthrop, Miss. former pastor of the Baptist church at Treadwell and later at Cobleskill, is to lecture in Treadwell this evening, his subject being Theodore Roosevelt. There will doubtless be a large attendance of residents of that section to hear this gifted speaker, who is supplying the pulpit of one of the large churches in Binghamton during August.

## Terry Family Reunion.

The annual reunion of the Terry family was held Saturday afternoon at Neahwa park. The Bolivar family joined this year as guests. This arrangement was voted to be permanent; it is thought desirable because many of the members belong to both families. Guests numbered 78 and many of the surrounding towns and villages were represented.

In loving memory of Mrs. William Nelson, who died Aug. 27, 1920. Mr. and Mrs. George Pratt, William L. Nelson.

## WEIDMAN'S BODY ARRIVES

FUNERAL OF MURDERED MAN TO BE HELD THURSDAY AFTERNOON AT RESIDENCE.

More Than 150 Persons Gathered at the Station to Pay Tribute to Weidman—Members of Rail Team to Act as Pallbearers.

There were more than 150 persons gathered at the station last evening to be present when the train arrived from Binghamton at 8:30 o'clock to pay tribute to Harry P. Weidman, who met a tragic death at the hands of two men in Scranton early Monday morning.

Quietness prevailed throughout the period when Roscoe, a brother of the dead man and who gave a large quantity of his blood to save the life of his brother, stepped from the train with his wife and Mr. and Mrs. Bert Harmon of Johnson City and J. Dillon of Scranton, who accompanied the body from Scranton. Several relatives and friends gathered around them offering any assistance that was needed.

Members of the local ball team assisted in removing the casket and remains from the baggage car to the hearse. The casket was bedecked with many beautiful pieces which had accompanied it from the place of disaster.

## Funeral Thursday Afternoon

Mrs. Weidman arrived in this city yesterday from Scranton with her two daughters, and made preparations for the funeral. The services will be held at the home, 11 Weidman place, Thursday afternoon at 2:30 o'clock, and burial will be in the Glenwood cemetery.

Members of the Oneonta Baseball team will act as pallbearers. The funeral will be public.

## Seven Pass Scholarship Examination.

Seven Pupils of the Oneonta schools passed the examination for state college scholarships. Of those four are from Norwich, two from Oxford and one from Greene. They are in order of merit Veda M. Zella, Larry B. Smith, and Wilfred T. Parker of Norwich, Alice E. Malloy of Oxford, Arnold M. Wightman of Greene, Mac Ingraham of Oxford and Laura B. Jones of Norwich.

## Funeral of Mrs. Doon.

Funeral services of the late Mrs. Dominick Doon will be held from St. Mary's Roman Catholic church this morning at 9:30 o'clock, the Rev. Father William Noonan officiating. Burial will be in Mt. Calvary cemetery.

## Card of Thanks.

We wish to thank the neighbors and friends for their acts of kindness during the sickness and death of our loved one, and for the beautiful flowers, and to those who donated the use of cars.

## MARRIED AT WELLS BRIDGE.

Popular Young Residents of Brooklyn Wed in Methodist Church.

Wells Bridge, Aug. 23.—A most interesting nuptial event was the marriage in the Methodist Episcopal church in this village on Saturday, August 20, of Miss Doris Anderson Rink daughter of Dr. and Mrs. Walter S. Rink, to John Helfrich, son of Mrs. Emma Helfrich. All are residents of Brooklyn. The ceremony was performed by Rev. Henry L. Snyder of Wells Bridge, and the church was beautifully decorated by the ladies of the Methodist Episcopal and society. Mrs. B. T. Loomis and Mrs. Oids of Unadilla rendered acceptable music preceding the ceremony upon piano and violin.

Promptly at one o'clock the strains of Mendelssohn's Wedding March announced the arrival of the bridal party. The groom entered by the side of the Rev. Mr. Snyder. Miss Marjorie Malfert as flower-girl dressed in yellow lawn, carried a basket of the aisle of the church. Following came Miss Lois C. Rink the bride's sister, and her only attendant, Miss Rink was gown in orchid colored organdie, with hat to match.

The bride entered upon the arm of her father, Dr. Rink. She wore a simple white crepe-de-chene dress, and large picture hat, and carried a white shower bouquet.

The groom met his bride at the altar, where they stood under an arch of evergreen, and white candles. Rev. Mr. Snyder read the service of the Methodist Episcopal church, in a most impressive manner.

A reception followed immediately after the service and was held upon the spacious lawn of Mr. Morris G. Springsteen, at whose house Dr. Rink and family are spending the summer. Mr. and Mrs. Helfrich received their friends on the lawn—standing under a white marriage bell.

While refreshments were served, Mrs. Loomis and Mrs. Oids entertained the company with musical selections upon the piano and violin.

At the request of her many friends, the bride played "The Venetian Love Song." Mrs. Helfrich is an accomplished pianist.

Mr. and Mrs. Helfrich left Wells Bridge on the 3:21 train for Albany, and will spend their honeymoon in Nova Scotia after which they will make their home in Brooklyn.

Among the out of town guests were Dr. and Mrs. Walter S. Rink, Mrs. Emma Helfrich, Miss Lennie Helfrich, Miss Lois C. Rink, Mrs. M. L. Archer, Miss Clara L. Delaney, Mrs. William T. Grover, Miss Mary A. Johnson, Mrs. LeGrand E. Smith, Miss M. Anna Smith, Mrs. B. A. Malfert, Miss Marjorie Malfert and Walter Arthur Malfert.

For sale—Seven room house, all modern improvements, barn large enough for seven cars, some fruit trees, street, departed for home by auto yesterday via Albany.

Mrs. William M. Fiek and little sons of Brooklyn are guests of her parents, Mr. and Mrs. George W. Winans, 53 Elm street. Mrs. Fiek is a former resident of this city and her many friends here will be pleased to renew old acquaintance.

Mr. and Mrs. H. M. Bart have as their guests their daughter, Mrs. H. M. Patton and their granddaughters, Edna Patton and Katherine Patton, of Boston, Mass., and Mrs. J. A. Boyle of Indianapolis, Ind., also a great-grandson, Herbert Patton Boyle.

## TELEPHONE COMPANY BUYS

Purchases Building in Cooperstown Now Used as Central Office—Will Make Extensive Improvements.

The Otsego and Delaware Telephone company announced yesterday the purchase from Louis F. Steere of the three story brick residence in Cooperstown which they now occupy. Plans are being made to remodel the structure and build a large garage on the lot for use of their cars.

The building stands at 15 Pioneer street and has been used to house the telephone central office for several years. It is well adapted to the purpose, but the company plans to make some alterations and improvements at an early date. The office serves as an exchange for Cooperstown, as well as Richfield Springs, Hartwick, Cherry Valley and other villages in the northern part of the county.

## Fordson

TRADE MARK

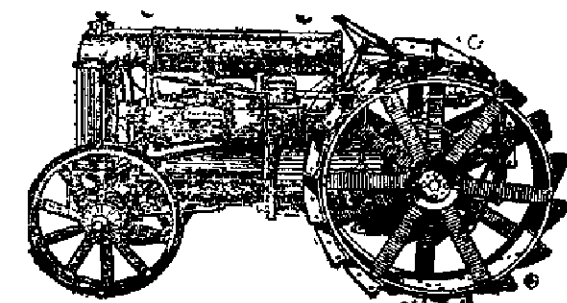

The Fordson Tractor was made to meet the demands and necessities of the every-day American farmer. It was made with the thought that it was the necessity of the man of forty acres as well as the man with one thousand acres. It was made not only for plowing, harrowing, discing, drilling, seeding, mowing, reaping, but for all other work on the farm where power is necessary. It was made to bring conveniences to the farmer's home as well as for the cultivation of his fields. It was made to furnish power for the cream separator, silo filling, cutting feed, sawing wood, furnishing power for milking, washing, supplying the house with running water, electric lights, and the hundred and one things on the farm. It was made to do all this economically and in a reliable way. It was made to be the big profitable servant on the farm.

And it has not failed in any of the expectations had for it. It has been tested as no other Tractor has been tested. It has been proven reliable and can furnish proofs impossible to any other Tractor. It has done these things not only in America but in Europe, Asia, Africa and in the Islands of the Seas. It has met successfully the demands of farmers in every part of the civilized world.

Therefore, the Fordson Tractor can meet all the conditions of your farm. When you buy a Fordson, you are not buying any experiment—you are buying a servant and a money-maker for you that you can depend upon absolutely from the first day you put it to work. It is easy to understand. It possesses all the power you want. It is simple in control. It is more flexible than you imagine. It will help you cultivate every foot of ground you have, and every day in the year you will find use for it on the farm. Its appeal to the farmer is in its dependable service and the wide variety of work it can do.

We'd like every farmer that reads this, if he hasn't a Fordson Tractor already, to come to us and let us sell him one. Let us demonstrate its powers, its values, on your own farm. Let's get into details—power, reliability, economy. While the sale of a Tractor gives us a small profit, the purchase of a Tractor to the farmer means a money-making servant every day for years. So the sale of a Fordson means more to the purchaser than it does to us. We are arguing for your good, Mr. Farmer. Come in and talk it over. Your time against ours. It is worth it.

And remember, when you buy a Fordson Tractor, we are right here to keep that Tractor in reliable running condition every day. You won't have to wait if anything should get out of order. We are right here to keep it right, because one of the conditions of the Fordson Dealer is that he must keep on hand always a complete supply of parts. This is a guarantee we don't believe you can get with any other farm Tractor. Come in. Let's talk it over.
